To change your Username, type the new **Username** and click [change](#).

To reset your password, click [reset](#). The screen will change to allow you to enter and confirm the new password. Click **Reset**.

The screenshot shows the password reset form. It has three input fields: "Username" with the value "Anders" and a blue link "change" to its right; "Password" with a red asterisk to its right; and "Confirm" with a red asterisk to its right. Below the input fields, there is a button labeled "Reset" (highlighted with a black box) and a blue link "cancel".
